

OMAS

News Letter
November, 2007

Happy November to all OMAS Flyers, Field maintenance continues but we have put our hoses and sprinklers away until April next year. I'm pleased to report our gopher population has been significantly reduced by an allergy to lead poisoning (12 gauge type you know). Now we are going to focus on the moles around the clubhouse. A big thank you to Chris Elliot for doing a great job of cleaning the clubhouse and to Robyn Bigej for helping me mow the field (and in the rain no less). We are still hoping more of you will volunteer to help with the mowing. We should find a second mower before spring mowing starts in April. If we can find ten to twelve volunteers, no one member will have to mow more than two to three times, for about two hours, to keep our field up to our historic good appearance. In case you have forgotten, my phone number is 503-357-2417. Please remember to lock-up all doors if you are the last flyer to leave the field. See you at the field.

Leon

News

Dick Linn has stated that he would still stock the clubhouse with food, and that if there is anything special you want him to get that you should let him know and he would try to stock it. Dicks phone number is 503-693-2849. Thanks Dick for the service.

We all want to remember that annual dues will be due again here soon and we all want to get them paid so that we can receive our membership card at the Banquet. Dues are still \$50 for 2008 and the form is on the website which is WWW.OMAS-RC.ORG.

Don't forget ICY-CARB day, it is January 1, 2008. It is a good way to start out the New Year. Bring your easiest to fly airplane so that you can fly while shaking and while your teeth are chattering and do it all without crashing. Someone usually brings a pot of chilli beans for everyone to warm up on after flying.
Kelvin

Ok, other news. Kelvin Cubbison is now the new editor of the OMAS newsletter, and he is the new Webmaster. So I would like it very much if you guys would send me stuff to put in the newsletter. It doesn't matter what it is, something you have written or maybe even pictures from the field. I will also take pictures from you that if you request I will post to the OMAS website, I wont charge you much for this service, grin. I have already been working on the Website, there are a lot of cobwebs up there and I've been trying to get rid of them. If anyone sees anything that I might have missed I would like to hear from you. I will do my best to get out each and every month a newsletter, with news from the field as well as pictures from the field, I just have to remember to take my camera to the field and hope that you will do the same. I will take any suggestions as to what you would like to see in the newsletter, hope to hear from you. My email is kelvin@keleo-creations.com , I respond to all emails. You may not like the response but I do respond, grin. I have also made some changes to the newsletter, I publish it in MS Word, not MS Publisher like everyone else was doing, I didn't have their version so I was forced to. I hope everyone likes the changes, I think they will be refreshing to see something different.

Kelvin

Minutes:

We spent about 2000 more than we took in
 We are giving away the old mower
 We need board members
 Leon is now on the board until at least Feb
 Some times the Lewis's let people use their land like the Banks track team
 Pack it in pack it out there is no more garbage cans
 PAY FOR SNACKS
 2 Feb banquet at the golden dragon
